## FATE OF FIVE NAVAL BALLOONISTS MISSING THREE DAYS DOUBTFUL

### CONTINUE HUNT AFTER RECEIPT OF S. O. S. NOTE

Opinion Expressed That  
Balloonists May Have  
Landed.

EXPERIENCE SIMILAR

Trip of Lieutenants Hinton,  
Kloor and Farrell Is  
Recalled.

Pensacola, March 26.—According to an unconfirmed rumor here today, two members of the crew of the missing naval balloon which left Pensacola air station Tuesday night, have been picked up by a merchant vessel bound for New Orleans. The others according to this rumor, were lost in the gulf.

Pensacola, Fla., March 26.—That the balloon which has been missing from the naval air station here since last Tuesday may have drifted to land and the five men in it may have been killed or badly injured, and are now wandering about in the forests along the Calhoun or Bay County coast, was the theory advanced by Lieut. Reed instructor in meteorology at the station today. This conclusion is reached by a study of weather conditions. Lieut. Reed plotted the course of the balloonists and does not understand how the bag could have gone to sea in the teeth of fresh southerly winds which were prevailing on Thursday along the Florida coast.

Further opinion is advanced that the balloonists, finding that the bag was losing its buoyancy cut away the basket as it touched the surface of the water and took refuge in the rigging. This would cause the balloon to again ascend, the weather students assert, and might enable the crew to reach the land.

With these theories in mind the Pensacola station early this morning dispatched a dirigible with sufficient "staying power" to remain for more than a day over the forests, under instruction to search the mainland and inland centers especially the forests, with as much care as was the sea searched yesterday.

An eagle boat which had been zigzagging practically all day Friday and the day and night before, returned to the station last night with no news. If the men have drifted inland it is considered here as almost certain their basket has been torn away from tree tops if it had not already been cut away by the men. In the latter event experts here believed they would have been brushed out of the rigging, probably to receive serious injuries in falling.

The men now have been missing three days. Chief Quartermaster G. R. Wilkinson took off here today with four students as his companions. Provisions were taken for only a short period, arrangements having been made for the flight to be made at night for practice.

Strangely similar to the recent flight of Lieutenants Kloor, Hinton, and Farrell from the Rockaway (New York) station is this flight in a different climate. Like Kloor who commanded the ill fated balloon that drifted into the frozen wilderness of the north, Wilkinson's provisions were scant and his means of communication in case of danger limited.

Only three carrier pigeons were taken. Two of these have returned to Pensacola, one with the information that the bag was in a bad plight and about to fall into the water.

However, unlike the trip of the three Rockaway lieutenants Wilkinson probably has drifted into a tropical wilderness, provided his balloon did not fall into the waters of the gulf of Mexico. Officers here agreed that it would be much easier for the five who were in the Pensacola balloon to make their way to civilization than it was for Kloor Hinton and Farrell. It also probably would be easier for them to obtain food.

## MURDER MYSTERY FINALLY CLEARED

Dayton, O., March 26.—Although since March 6, local police have been looking for John Jasper, colored, on a shooting charge, growing out of the death of William Smith, colored, the slayer was in town. Mrs. Lucile Young, colored, arrested last night, admitted police say she shot the man when he entered her house and became abusive. Jasper had not been here for months, she admitted.

RECOMMENDS APPOINTMENTS

Washington, March 26.—Secretary of War Weeks is understood to have recommended to President Harding that he appoint J. J. Morrow as governor of the Panama canal zone. Morrow is engineer in charge of the canal zone and is now acting governor.

## Expect More Arrests Will Clear Up Mail Robbery

Million Dollar Theft In Chicago In January Thought  
Solved By Arrest of Trio—\$34,000 In  
Bonds Recovered.

Chicago, March 26.—Further arrests are expected by the police today in the \$1,000,000 mail robbery at the Union station on January 18 last, in connection with which three men were taken into custody late yesterday. Stolen bonds valued at \$34,000 were recovered with the arrest of the three.

William Kriester, a bond salesman, Isador Goldberg, Kriester's brother and C. A. Jettree were the three arrested. Kriester is held in default of \$15,000 bonds, while Goldberg and Jettree were released on bonds of \$1,000 each. Kriester claimed that he found the \$34,000 bonds which were recovered in a vacant lot on the North Side last Monday night. Kriester said he gave them to Goldberg and Goldberg gave them to Jettree. The arrest of the three followed Jettree's attempt to sell the bonds to a brokerage house.

## WILSON RECOVERING FROM AN ATTACK OF INDIGESTION

Ex-President Still Weak  
But Speedy Recovery  
Expected.

Washington, March 26.—Former President Wilson is recovering from the attack of indigestion which he suffered yesterday. Dr. Grayson stated today after visiting the former chief executive.

Mr. Wilson is still upset and considerably weakened by the attack of indigestion, but his speedy recovery is looked for. Dr. Grayson stated.

The former president was up at the usual hour this morning and breakfasted with Mrs. Wilson.

No specialists will be called in, Dr. Grayson said, and it is possible that Mr. Wilson may be able to take a motor ride this afternoon.

## GOVERNMENT OF FRANCE NOT MUCH CONCERNED, REPORT

Alleged Revolutionary  
Debts Owed By U. S.  
Believed False.

Washington, March 26.—While French orators may seek to while their countrymen over the enormous revolutionary debts which they assert are owed France by the United States, the French government is apparently not concerning itself with the matter.

Officials said today no inquiry, direct or indirect, had been received in this country relative to the charges which have been made in the French parliament.

Political claptrap for home consumption," would be an apt American description of the matter, according to officials.

## DERAILMENT OF TRAIN THOUGHT INTENTIONAL

Atlanta, Ga., March 26.—The derailment of passenger train No. 4 of the Atlanta, Birmingham and Atlantic railroad yesterday morning near Douglas, Ga. county, "has every appearance of a deliberate attempt to wreck the train," declared Receiver B. L. Bugg. No. 4 was derailed near Douglas en route from Fitzgerald to Brunswick. The engine was overturned and one truck of the first coach derailed. No one was injured.

## SWAT THE FLY EARLY ADVOCATES HEALTH OFFICER

Columbus, O., March 26.—Dr. A. W. Freeman, state health commissioner advocates swatting the house fly at once.

Citizens are urged to co-operate with health officials in a "clean-up" campaign seeking to eliminate breeding places of this household pest.

Large numbers of flies which held over during the winter are in evidence. The mild weather is favorable to development of swarms of house flies carrying disease germs. "Kill one faster fly and it will mean there will be fewer billions to kill next summer," is the slogan announced by health authorities.

## GIVE DETAILS OF TESTIMONY IN N. Y. CASE

Witness Tells Of Alleged  
Improper  
Relations.

STILLMAN ON STAND  
Declares He Has Only  
Three Children at  
Hearing.

New York, March 26.—Details of the sworn testimony of alleged intimacy between Mrs. James A. Stillman, and Fred Beauvais, the Indian guide named as co-respondent in the banker's divorce suit, given at a referee's hearing held here on Dec. 22, last, were obtained by the International News service today. The witnesses swore to repeated instances of alleged misconduct between the couple. One told of observing through a keyhole the banker's wife and alleged companion together in Beauvais' room in the Stillman lodge near Three Rivers.

The record shows that Mr. Stillman, president of the National City bank, the first witness examined at the hearing, testified that he had only three children by his defendant wife, Anna, James and Alexander. Asked if he had any other children he replied in the negative but the reply was stricken from the record on objections from Mrs. Stillman's counsel.

The hearing was held at the bar association in this city. Mr. Stillman was questioned by Outerbridge Horsey of the firm of Nicoll, Ansell, Fuller and Sullivan, his counsel.

## GERMANY QUIETER FOLLOWING TROUBLE OF SEVERAL DAYS

Government Troops Are  
In Control Of the  
Situation.

Berlin, March 26.—(Noon)—Strikes are spreading throughout the factories in Berlin. A great number of mass meetings of communists are being held in different suburbs of Berlin this afternoon.

Advices reaching here at noon today said that fighting again had broken out at Eisleben between communists and government troops. The government forces were said to have been victorious but heavy casualties were suffered on both sides.

Berlin, March 26.—The general situation through central Germany where for the past two days there has been much fighting between government forces and communists was much quieter today. At Halle the electric and water plants are again being operated and the government forces are firmly in control.

Government troops that recaptured Eisleben from the communists yesterday are still occupying the city. The communists there sought to negotiate with the government before troops attacked the city but the government's answer was an ultimatum that the communists must lay down their arms.

According to the Lokal Anzeiger, the authorities discovered a plot to blow up police headquarters in Berlin. The police also are said to have found a huge supply of dynamite which the plotters planned to use. Communists plotters in Essen and Bochum were unable to start any uprising in those cities according to advices reaching here today.

## WOOD CAMPAIGN SUED FOR \$15,000 BY CHICAGO HOTEL

Chicago, March 26.—The tangled financial affairs of Major General Leonard Wood's presidential campaign further complicated today when the Congress hotel company filed suit against the Wood campaign committee for \$15,000. Individual members of the committee named in the suit are Colonel William Cooper Procter, Major A. A. Sprague, J. J. McGraw and Fred Stanley. The hotel seeks to obtain money alleged to be due for the rental of rooms, meals and damage to furniture owned by the hostelry.

## Strike of Disabled War Veterans Now Threatens Action of Federal Board

Wage Cut May Bring On  
Walkout It Is Re-  
ported.

Washington, March 26.—Now threatens a strike of disabled war veterans.

The National disabled soldiers league is today considering action in protest against a reported decision by the federal board for vocational education to cut the compensation of disabled soldiers who are in the classified civil service.

J. D. Nolan, one of the local leaders of disabled soldiers, declares that 79,000 disabled veterans employed on a vocational guidance basis in shops and factories throughout the country will go on peaceful strike if the compensation is cut and that the White House will be picketed.

"Organized labor is attacking in a secret campaign," declared Nolan in a statement to his comrades. "They are attempting to use the board as a tool. With healthy labor union men out of work all over the country and others working on part time they are jealous because disabled men are kept at work. They have stood a cut because of the industrial depression and they want the same thing to happen to you. They forget that you were paid \$30 a month for the privilege of taking gas and shrapnel into your bodies while they got from \$300 to \$600 a month in the security of their own home towns."

Uel W. Lamkin, director of the federal board of vocational education of disabled men who are under he board. A small number of men are in the classified service and are drawing wages from these positions and compensation from the board. Lamkin states that the law forbids one person to secure more than \$2,240 a year from two government positions, and that steps are being taken to conform to this law. The proposed cut in the compensation of those disabled men in the classified civil service will come during April, it is expected.

WITH UPPER SILESIA GERMAN, U. S.  
HAS BETTER CHANCE TO COLLECT DEBTS

KEY TO MAP  
The former frontier of Germany  
BOUNDARY LINE OF THE PLEBISCITE AREA  
SMALLEST PRUSSIAN ADMINISTRATIVE DISTRICTS  
SHADED PORTION SHOWS THE HULTSCHIN DISTRICT  
GIVEN TO CZECHO-SLOVAKIA BY THE VERSAILLES  
TREATY

The winning of Upper Silesia by Germany in the recent plebiscite may lighten taxes in America. Germany has said she cannot pay large indemnities to the allies without the rich Silesian mining region. Unless Germany pays large indemnities to the allies the latter probably will be unable to discharge their huge indebtedness to America, and taxes will accordingly remain high here.

## WARNING GIVEN BY WEATHERMAN

Washington, March 26.—It may or may not rain or tomorrow's Easter finery, but Uncle Sam's official forecaster today gave warning that everyone from the Atlantic to the Pacific and from Canada to the Gulf better be prepared for showers.

In the east he predicts that the weather will be unsettled and warm, with probable showers. For the middle west, great lakes and Mississippi valley regions he thinks it will be cooler, with occasional showers.

In the Rocky mountain regions a storm is gathering which is moving eastward.

## "DOPE" PLANT IS FOUND IN CAMP

Chillicothe, O., March 26.—Location of a "dope plant" at Camp Sherman, near here, by Thomas W. Robinson, a state narcotic inspector, followed by army officers was followed by the arrest of Louis R. Thatcher, Akron, and Charles G. Larson, and Francis P. Cannon both of New York, all soldiers, who will be placed on trial in federal court.

In a flush tank was found concealed 955 narcotic tablets, worth \$150, and \$100 worth of dental supplies.

Larson, according to inspector Robinson, held the narcotic unit when detailed to check up on medical supplies and to separate the narcotics from other supplies.

Edward Galraed, former soldier, Sheldon, Conn. today was bound over to the grand jury under \$1,000 bond. He is charged with stealing an automobile and making trips to Camp Sherman and disposing of the dope in Columbus.

JAMES C. DAVIS  
WILL BE NAMED  
RAIL DIRECTOR

Washington, March 26.—James C. Davis, of Iowa, at present general counsel of the railroad administration will be named by President Harding as director general of railroads, it was learned this afternoon.

The president has appointed former Vice President Thomas R. Marshall and former Senator Nathan Scott of West Virginia to the Lincoln memorial commission.

## OPEN AIR LINE BETWEEN DAYTON AND COLUMBUS

Will Make Trip Each Way  
Every Day Is An-  
nouncement.

Dayton, O., March 26.—Dayton's first airplane garage was opened today on a 36 acre tract on the Wilmington pike near here by E. A. Johnson, former test pilot at McCook's field. Johnson plans commercializing the plane, as well as giving repair service to aviators. His first air line will be between Dayton and Columbus with a trip each day each way. Arrangement, he says, will be made to have a ship leave Columbus and Dayton, daily, and the landing grounds connected with the cities by taxi. As soon as his local field is in running order, Johnson will seek a Columbus location.

## LOCAL ROTARIANS INSPECT H. & A. MILLS

Members of Xenia's Rotary Club, were given the opportunity of viewing and realizing the magnitude of one of the country's largest twine and rope mills, when they were guests of John D. Steele, Jr., at a luncheon and inspection tour through the Hooven and Allison Cordage Mills, Friday.

Following the luncheon served in the restaurant, recently opened by the company, the members were conducted by J. D. Steele, Jr., and the mill superintendent, A. L. Regan, through two of the Hooven and Allison mills. Every detail of the manufacture of the rope and twine was thoroughly explained to the members. Of particular interest, was the quantity of the finished product valued at thousands of dollars, that was lying in the company's warehouse awaiting shipment.

The members were conducted through the company's Welfare Department, following the inspection of the mills. The Welfare Department, including a hospital and community house for the employees, in charge of Mrs. C. C. Shearer, was opened by the company during the past year, and has proven a large asset to the success of the management of the company's large staff of employees.

## OHIO EDUCATORS ATTEND MEETINGS AT STATE CAPITAL

Columbus, O., March 26.—Ohio educators are attending three state conventions here today.

Numerous technical subjects were considered by members of the Ohio Academy of Social Science attending their fourth annual meeting. Members of the Ohio college association held 50th annual meeting.

At a session held by members of the Central Ohio Society of the American Physical Education Association, addresses were delivered by L. O. Boles, Wooster, H. H. House, Ohio Wesleyan university, Delaware, Miss Dorothy Gibling and Dr. J. W. Wilce, football coach, Ohio State university.

## U. S. WILL NOT RESUME TRADE WITH RUSSIA

Must Make Fundamental  
Changes In The Gov-  
ernment.

GIVE REQUIREMENTS  
Decision Is Quickly Made  
at Meeting Of the  
Cabinet.

Washington, March 26.—The American government notified the soviet authorities in Russia late yesterday that resumption of trade between Russia and the United States could not be considered until fundamental changes had been made in the economic system underlying the soviet regime.

Safety of human life, guarantee of property rights, free labor and observance of the sanctity of contracts were among the requirements laid down in a brief note by Secretary Hughes as essential if the doors of commerce between the two countries are once more to be opened. The communication added that "convincing evidence of the consummation of such changes" must be furnished before this government even cared to discuss the subject.

These requirements, the note declared, lay at the foundation of Russian productivity, by which alone the nation could hope to rebuild her foreign trade and make herself attractive economically to the nations with which she desires to exchange products.

The communication was made public at the state department in the form of a statement by Secretary Hughes, with the notation that a copy of it had been sent to the American consul at Rostov, Estomna, to be handed to Litvinoff, the soviet representative there. The note was in reply to the appeal recently addressed by the soviet regime to President Harding and Congress, asking that trade relations between the United States and Russia be restored and proposing to send a delegation to the United States to negotiate to that end.

No mention was made by Secretary Hughes of the proposal to send a delegation to this country.

Prior to making a final decision, the Russian trade question was discussed for nearly two hours by President Harding at his cabinet, taking into account a vast collection of data on Russian conditions gathered by the state and commerce departments. In a statement after the note had been made public Secretary Hoover declared the conclusion reached "shows the complete agreement of the views of the whole administration."

## SELECT CORRIGAN AS ADMINISTRATOR OF CHURCH AFFAIRS

Selection Of Successor To  
Cardinal Gibbons Main  
Topic.

Baltimore, Md., March 26.—Bishop Owen Corrigan, vicar general of the archdiocese of Baltimore, has been selected as administrator of diocesan affairs pending the appointment of a successor to the late Cardinal Gibbons, it was learned today.

Speculation continued today as to the selection of a successor to Cardinal Gibbons. The names of Bishops as probable successor which have been under discussion are O'Connell of Richmond, Va.; Russell of Charleston, S. C.; Monaghan of Wilmington, Del.; Curley of St. Augustine, Fla.; Haid, of North Carolina; and Shahan, the latter being rector of the catholic university at Washington.

## NEW SPEED MACHINE PURCHASED BY COP

Motorists who would like to speed up and laugh at the "speed cop" are going to find this fun growing more difficult.

Motorcycle Policeman Clark Stethem, who furnishes his own speed machine, has just purchased a new Henderson speed cycle, of the same model that has been adopted by the Detroit Police Department, which is equipped with over 40 of the machines.

The new Henderson is a four cylinder 22 horse power machine and has been geared to get the greatest possible speed. "There is no limit to the speed you can get from this machine," the Henderson Company told the officer. The machine has been delivered to the Xenia Garage Company and will probably be taken out by the motorcycle policeman Monday.

### SPRING FEVER

Spring is always heralded by the inspirations of the poets and songs of the birds, but there is still another herald of spring which makes itself felt instead of heard. As you have probably guessed this mysterious something is Spring Fever.

This malady has been prevalent in Central High for some days having broken out with the first breaking up of winter. It is said by many that this disease is merely a myth but the pupils of this school who have felt its long arm clutching their mind, erasing all knowledge from their brain, robbing them of their good old High School "pep" and diminishing their strength to such a degree that they cannot hold up their heads without the aid of their arms, which in turn are supported by the time-initiated desks, know alas, that this dread disease is indeed real and horrible to relate, is at this very time stalking the time honored halls of our venerable edifice of learning, seeking whom he may devour.

The result of this malady is brought out in startling clearness when we behold our monthly grade cards—those merciless records of our mental attainments.

As yet no cure has been found invented for this dread disease. What a blessing would we heap upon the head of him who would discover a remedy for this contagious malady under which Central High is now suffering.

## FORCED TO CLOSE SCHOOL DOORS FOR EASTER VACATION

We are sorry to announce that the doors of the school building were locked Friday night last Monday morning, a week later, (don't overlook the "week later" please. So my dear children you will be forced to find some other brain wrecking business to occupy your time. For fear you may not know just how to put in all those long tiresome days away from the beloved building we suggest that the girls do the spring house cleaning and let brother wash the dishes. No it won't hurt brother, it only makes his hands soft and white. "Just like velvet" so sister says. Then when the dishes are put in the cupboard and you're practised your music lesson, you might run over in the field with Jim and the rest of the boys and play ball.

If house cleaning doesn't appeal to you girls, how would sewing do? As you already know there are to be several June brides in the class of '21 and no doubt table linen or towels would be acceptable. We trust and sincerely hope that you may find some way in which to weary away the lonesome hours, but if you can't, just call Main 172-R for suggestions. Call early please, her time is nearly all taken. (don't call after nine o'clock.)

## ALUMNI NOTES

Many of the alumni of Central High have devoted their lives to foreign missionary work in many different countries we are represented by men and women of this school.

One of these, Miss Mary Kyle is just completing her second term of seven years in mission work in India. She is now on her way home and will have one year in the United States part of which will be spent with her brother, Mr. David Kyle who lives on the Jamestown pike. She was sent out by United Presbyterian Church and has been very successful in her work with the natives.

Euretta Meredith is a teacher in the High School of Callao, Peru. She was sent out by the Methodist Church first to Chile but recently has been sent to Peru. Her work has been very strenuous as all the teachers do work in the homes besides their teaching.

At the opening of her school in March four young men expressed a desire to continue their High School work and enter college so that they may be fitted for mission work among their own people.

## WINDOWS SMASHED IN JAMESTOWN AS LIGHTNING STRIKES

Jacob Sessler, of Jamestown, was knocked down but unhurt, windows were smashed and other damage entailed, when a severe spring electrical storm broke over Jamestown at six o'clock Saturday morning.

It is believed that one severe bolt of lightning caused the damage in Jamestown, concussion from the shock of the stroke resulting in the wreckage that ensued.

Mr. Sessler was near the Jamestown Cemetery, when the lightning seemed to strike a tree near the fence. The tree, falling on a grave-stone in the Cemetery, broke it off and tore a gate from its hinges on the opposite side of the road.

Windows in the home of Frank Collins, near the Cemetery were demolished by the force of the bolt and dishes were knocked from their shelves and broken, but no one was injured. The plate glass windows in the Peoples Bank, the M. I. Hill-ton Grocery and the Walker Gar-

## "ODD NITE" IS LAUGH FEST AT OPERA HOUSE

The "Odd Nite" which was given at the Opera House on March 24 was a cleverly arranged affair. The first on the program was a cute stunt entitled "The Crystal Gazer," which furnished many laughs.

"Her Busy Day" a one act comedy given by the seniors was the next laugh maker. Marjorie Douthett and John Moore make very fine New-laws. Lewis McCoy, Mamie Burwell, Francis Loyd, Tom Kennedy and Olivia Cost were good in the parts that they took while Ruth Whittington, made a fine up-to-date hired girl.

Ralph Douglas was a fine specimen of the Xenia police, and Nelson Barnes of some of your grocers' boys while Philip Moore was born to be a "No-money-down-man," and sell his "Albums" with a binding that won't be ruined by heat, cold or dampness.

The Seniors showed great interest in these plays as they should get a lot of credit in making "Odd Nite" the success it was.

"West of Omaha," was presented by the Sophomore Class and their acting is to be recommended. Horace Smith and John Wood were the two young men looking for a rich marriage which they found in time. Grace Jones and Mary McAdden were the girls in the case and when it came to the love making scene, John and Horace out did them all. Helen Hurley, Donald Currie, Roger Lynn, were all very good and added much to the success of "West of Omaha."

The Sophomore Stunt—"The Black-velvet Married Happiness Society"—was a laugh from start to finish, and the Sophomores should be congratulated upon their talent. Donald Finley and Robert Ballantyne carried off the honors.

Much of the success of these plays, should be credited to their directors: Miss Lane and Miss McBane for the Seniors and Miss Junk and Miss Sterrett for the Sophomores.

## "EVEN NITE" WILL VIE WITH "ODD NITE" FOR HONORS

"Even Nite" plans to put "Odd Nite" in the shade. While the Odd Nite performers cannot help but think that their shows are the best the "Even Nites" are assured of the fact that theirs will be even better or at least will EVEN up to the other plays.

The classes appearing on "Even" evening will be the juniors and freshmen. Each of these classes are working time and a half on their show and are hoping to be paid accordingly.

The juniors are going to present a one act comedy entitled "Not on the Program." It is an up-to-the-minute play having a sprinkling of mystery, a goodly amount of variety, and plenty of humor in it. Tom Mason and Eleanor Kiernan, as a pair of darky lovers, afford lots of amusement as well as Marjorie Clark, the excitable Mrs. Whitney, Martha Wilson, Vernon Arnold, and Wilfred Crow, the other members of the cast are sure to give more pep to the play.

The Junior stunt is a dark, dark secret but from the way the committee acts it must be going to be great.

The freshmen have no stunt but in place of it they are changing their play a little and making a musical comedy out of it. Thus the music will be their stunt. Their play is called "The Corner Drug Store," and promises to be a success. The up-to-date songs and catchy lines promise its success. The very large and will include the greater part of the class.

## EASTER DAY

The sun in gorgeous splendor Has climbed the eastern sky. The air is filled with birdnotes. A warm wind wanders by. Its breath is sweet with fragrance Of the new emblossomed trees. Sweet messengers of Easter morn Fair day of joy and peace.

Cathedral bells ring out their chiming. While anthems fall and rise. The vested choir in flowing robes Cause man to stand aside. And listen to the sweet refrain. Proclaiming Him as Light of Life The Life that never dies.

Within the churches' portals Today the air is sweet. And lily flowers and hyacinths Are massed in artful heaps. Around the sacred cancel rail Where folks communion keep They sip from out of the chalice cup.

This wondrous feast. So hail the Prince of season. Whose resurrected light. Has shone throughout the ages. A hope of higher life.

age, were broken out by the force of the stroke.

Electrical service in the village was impaired by the storm, and the lights were out for some time. In other parts of the county, the storm and rainfall were heavy, but damage not so extensive. Wire chiefs of the telephone lines reported trouble the Citizens Company, however suffering but slight damage. The wire chief of the Ohio Bell Telephone Company said it would be impossible to estimate the trouble that ensued until after the rain. Lines were damaged to some extent however.

Hail fell for several minutes in Xenia during the course of the early morning storm. No damage was reported here.

**FACES CHARGE OF BRIBERY**  
 Cincinnati, March 26.—After being bound over to the federal grand jury on the charge of having liquor in his possession, John A. Lass, saloonist was arrested on a warrant charging him with attempting to bribe a prohibition officer.

**SHIP IS ABANDONED**  
 Halifax, N. S., March 26.—The teamship City of Colombo, which went on the rocks at Digby Neck, last week, is pounding to pieces and has been abandoned.

## JUNIOR HIGH NEWS

The boys club held its regular meeting Monday night. We were treated to very good talks by Mr. Black and Dr. Kyle. Mr. Black told us a very interesting story of the Civil War. Dr. Kyle's talk was on Clean Speech, Clean Habits and Clean Sports and was very interesting.

Next week is spring vacation. Some have already planned where they are going. We hope it will be a week of good weather.

We were very much delighted this week when a group from 1A gave us some songs. They were very good and were short and snappy.

There is going to be a kite contest the week after next. There is going to be a dollar given for the boy who makes his kite go the highest. I am sure it will be worth trying for.

Miss Harper is still absent. We miss her so that words cannot express it. We feel as though her spirit is along with us. We should only put forth a greater effort then when she comes back it will be a pleasant for her.

In manual training we are having angles. They are very hard, but interesting. We are drawing five sided figures and very few have succeeded in laying them off right.

In Mrs. Bell's room we wrote short stories. There were many different stories some of which came from Youths' Companion.

An interesting exercise was given by a group of girls from 1C Thursday morning in the auditorium. Dressed in white, with hairbows, ties and pennants of St. Patrick's colors they presented quite an attractive spectacle. They danced an Irish jig and sang a number of quaint songs. The program was enjoyed by all.

Mathematics is quite interesting for the seventh grade at present as we are drawing geometric designs and angles.

A number of Junior High girls hiked to Hawkin's Wood Saturday. The day was spent in games and daring explorations. There were several accidents during the day such as some of the members falling into creeks and some being badly lacerated while trying to open stubborn olive bottles. Altogether they had a swell time and came back tired but happy. Girls remember the eats.

## SPORTS

### SOPHS. CAPTURE CHAMPIONSHIP

The sophomores became class champions in the interclass basketball games staged at the Rink by defeating the Freshmen, Seniors and Juniors in turn.

The remaining class teams tied for second honors as each lost two games and won one.

The games were run on a percentage basis instead of the usual elimination plan, necessitating six games in order to decide the championship, thus taking in more money.

The scores are as follows:  
 First Night—Seniors 7, Juniors 3.  
 Sophomores 14 Freshmen, 11.  
 Second Night—Juniors 13, Freshmen 12.  
 Sophomores 21, Seniors 9.  
 Third Night—Freshmen 13, Seniors 11.  
 Sophomores 9, Juniors 2.

### SENIOR SCRIBBLINGS

Martha Bryson has safely recovered from the grip, and is again in school. Sabina Ross, is back in school again after a week's absence.

The Senior girls have decided to wear, yes dresses all the colors of the rainbow for—

You won't have to go to the end of the rainbow to find the gold. No sir-ee.

Then for commencement it was decided that they wear sensible white dresses, of a sensible material. They will carry their flowers, which may be the class flower, the white rose, or any other desired. The class this year is showing excellent judgment in the dress question, which fact sets a good example for the lower classes.

Wednesday afternoon and evening the Seniors rehearsed for their play and stunt which were unloaded Thursday night.

**BI-MONTHLIES FRIDAY.**  
 Friday all students who had been either tardy or absent had the honor of taking bi-monthlies. Since the eliminations made by the student Council, several have been quite lucky but we must not take advantage of their good nature, but do our best to help them along and not take a mile when given an inch.

## Reduced Prices for Milk

Henceforth our schedule of prices will be as follows:

BOOK ACCOUNTS	9 quart tickets .....	\$1.00
	17 pint tickets .....	\$1.00
CASH PRICES	12c per quart	
	6½c per pint

## COLLEGE HEAD ADDRESSES HIGH SCHOOL MONDAY

Xenia High School was highly honored and greatly benefited at the occasion when Dr. J. Knox Montgomery, president of Muskingum College, addressed an assembly Monday morning.

Dr. Montgomery told of an incident when he was entering college at which time he was given a Latin sentence to translate that has clung to his memory all his life. The sentence is "We learn not for school but for life." It was upon this thought that he spoke.

There are three main questions that Dr. Montgomery presented to the students. "Why are we here?" Who are we?" and "Where do we go from here?" The speaker answered his own questions saying that we are to make the most of every moment in our lives. He answered his second question with the words of the eighth Psalm.

"What is man, that thou art mindful of him?  
 And the son of man, that thou visitest him?  
 And hast crowned him with glory and honor."

For the answer of his last question he said that we would go back to eternity from whence we had come. Dr. Montgomery also made a beautiful comparison of the body as the house which God made for us to live in and where he could dwell with us. He emphasized the facts that we should take care of that house and not abuse it. In our house God put a brain and we are supposed to use it for the best, the highest and the noblest things that can be done. We are everyone to strive to be "Leaders" not "Trailers." God gave our bodies a social side and it would influence everyone whom it met either for the good or the evil. Finally he stated that we have a moral and spiritual part in our body, and as God expected to live in the house he made it should be made to resemble Him in every way so that in the end we may be able to go live with Him.

## CHEMISTRY CLASS TAKES HIKE TO CEDARVILLE

Last Friday afternoon Mr. Creswell's 2nd. period chemistry class "hiked" to Cedarville. Garbed in tennis shoes and middie they gayly departed from Xenia at 2:30. About a mile past Wilberforce a very kind man insisted on giving the bunch a lift which they did not refuse. When part of the hikers arrived in Cedarville they bought a feed store and got ice cream cones and a hamburger. Meanwhile the rest of the squad arrived, I'm not saying how, and all of a sudden a closed machine whizzed by, and they all yell and then in about two jerks Mr. Creswell is seen walking as calm as a cucumber around the corner and we are still wondering what became of that machine. Then all piled in the two machines, Martha Beam's and Florence Engelman's and sped to the home of Mr. Creswell, where music was enjoyed. Talk about the "teacher's pets," Mr. Creswell has several. Bob, Skep, and Sport. After much hilarity and bashfulness on the part of Sport, everyone was caded to the dining room. You'll just have to ask the girls what we had for it makes me ravenous to talk about it.

Then, tired and full of fun the Chemists adjourned in the machines and sped toward Xenia, the four in Martha Beam's machine were shaken like an egg-nog or a cocktail but nevertheless we went as fast that we could not keep track of the tail light of the other machine so I guess they went rather flippy too.

Those who enjoyed the "hike" were: Alice Rutan, Florence Engelman, Gertrude Jones, Martha Beam, Olivia Cost, Elizabeth Dadds, Hetty Holman, Cathryn and Jessiemae Uhl. We hope Mr. Creswell enjoyed everything in general. Anyhow he was just "too sweet for anything" on Monday.

## PERSONALS

Doris Whittington left Friday for Morrow, Ohio where she will spend Spring vacation.

Margaret Whitehead spent last week end in Columbus visiting her parents, Mr. and Mrs. E. G. Whitehead.

A large bunch of High School students went to Cedarville last night to see the minstrel that Cedarville College staged.

Quite a number of the faculty spent last Saturday in Dayton when they went to see "Irene" at the Victory.

Harold Ray who has been spending the winter in California returned this week.

## Of Interest to the Farmer

### GREENE COUNTY LAND DEVOTED TO FARMING SHOWS DECREASE OVER TWENTY YEAR PERIOD

An analysis of census bureau figures relative to land devoted to agriculture in Greene county shows that during the two decades 1900-1910 and 1910-1920, there was a loss in total acreage. The figures show that during this time there was a decrease of 8,413 acres in this county in land under cultivation.

Of the six counties in the Miami Valley, the report has the following to say: "It is noteworthy how nearly similar the areas of these six counties run, five of which have areas of a trifle over 260,000 acres, Montgomery county alone exceeding 290,000. Darke and Warren counties gained in farm acreage. Preble county almost stood still and Greene, Miami and Montgomery counties lost."

Due to the fact that practically all the land in the valley has been tilled, that offered possibilities, there was slight chance that the proportion would show an increase. The average farm tendency appears to be in the neighborhood of 40 percent which is much higher than is generally supposed. The average acreage per farm is placed somewhere near 90 acres. The following figures for Greene County are published:  
 Greene County—Total area 265,600 acres. Of this area 256,172 acres were devoted to farms in 1900 253,693 acres in 1910 and 247,759 in 1920. Of these farms 987 were operated by tenants in 1920, 41.6 per cent of the total number of farms. Of this number of tenants farms, 704 were held by share tenants and the remainder were divided between share-cash tenants, cash tenants and a few unspecified.

## FARM BUREAU TO ADOPT OWN BADGE

Although the Greene County Farm Bureau has taken action favoring the adoption of a button distinguishing Farm Bureau members, no movement to purchase any of the buttons, has been made according to County Agent Ford S. Prince.

The Ohio Farm Bureau Federation has adopted a sign to distinguish its members, which is being presented to the County Bureaus for their endorsement. The colors of the insignia will change each year, in order to prevent members who drop out of the organization from taking advantage of its use, and it will bear a map of the United States, with the letters A. F. B. A. and a map of Ohio with the letters O. F. B. A.

The action of the local bureau in endorsing the button idea, is proof that the organization here will be in possession of a quantity of buttons at some time in the near future for distribution.

## NO CORN LEAVES COUTY THURSDAY

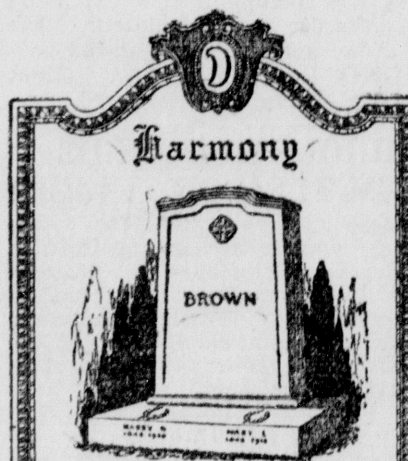

Although Thursday was "Corn Gift Day" when corn donated all over the country by farmers for European and Near East Relief, was to be shipped, no corn left Greene County on that date.

Through a mix-up in the railroad schedule of some nature the Greene County Farm Bureau which has the local campaign in charge, did not receive one of the cards ordered for this county to take care of the supply of grain donated by local farmers.

The railroads of the country volunteered to ship the corn from the elevators and shipping points to the seaboard and cars were ordered by County Agent Ford S. Prince for Xenia, and other towns in this county. When the cars were not received the corn collected in this county could not be shipped.

## CUT THIS OUT—IT IS WORTH MONEY

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2535 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills for pains in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic for constipation, biliousness, headaches and sluggish bowels. Sayre & Hemphill.

Just as sounds blend in one harmonious chord, so must the design, material and execution of a Memorial harmonize if the whole is to present itself as one pleasing unit.

As specialists in Memorial Art we place at your disposal a service which will assure you a Memorial correct in every detail.

A complimentary book illustrating some of the Memorials we have erected will be mailed upon request.

## EASTER CANTATA GIVEN SUNDAY

The Cantata "Triumphant Life," will be rendered by the Lutheran choir of 16 voices on Sunday evening at 7:30. The music has been arranged by J. S. Fears the well known composer and authority on school music. The text is prepared by Camille Sanderson.

The Cantata has much interpretive value. The first part is in a plaintive mood, the words and music harmonizing beautifully.

In the Eighth number "Fear Ye Not" by the choir, the joy breaks forth in a glad anthem. The full program follows:

Introduction (Prelude)  
 "Dawn of Easter Morning." (Solo Trio for women; Trio for Men; Choir)  
 "The Sepulcher." (Solo; Bass solo; Choir)  
 "The Keepers at the Tomb." (Choir; Trio for Men voices) The Women (Choir, Tenor solo).  
 "They Have Taken Away My Lord." (Contralto Solo, choir).  
 "Woman, Why Weepst Thou?" (Baritone Solo).  
 "Fear ye Not" (Choir). "The Resurrection Christ." (Contralto solo).  
 "Oh, For a Song of Matchless Sweetness" (Choir).  
 "We Hail Thee, Our King" (Soprano Solo).  
 "Oh, Glorious Dawn." (Choir).  
 The public is most cordially invited. A silver offering will be taken.  
 R. O. Copey is the director and Mrs. Carl Mellage is the pianist.

## BIJOU TO-NIGHT

THOMAS H. INCE'S  
 Great Drama of Life and Love

## "LYING LIPS"

Men may come and men may go, but the quest for Life and Love goes on forever. You mortals who are seeking the recipe for the Supreme Happiness which leads to the Gates of an Everlasting Faith and Bliss will find the splendid answer in Thomas H. Ince's Drama of Life and Love, "Lying Lips," with the most remarkable all-star cast ever assembled under one banner. It's a story of women of the world; a drama of lips that lied to crush a monster of evil and give birth to a great love as staunch as the ROCK of Gibraltar.

## Society

## MARRIED IN CHURCH

## AT CHICAGO

A simple service marked the marriage of Mrs. Elsie Jobe, to William R. Torrence, which was solemnized at the Methodist Episcopal church in Chicago, Illinois, Thursday afternoon, Rev. Collins of that church, a friend of the bride, officiating. Immediately following the service a supper was given at the home of Rev. Collins, in honor of the bride and bridegroom.

Mr. and Mrs. Torrence arrived in this city Friday evening, and are making their home for the present at the farm of Mrs. Torrence on the Jamestown pike. Mrs. Torrence's son John William Jobe, accompanied them to this city.

Mrs. Torrence is a well known Xenia woman, who has been making her home for the past year in Los Angeles, California. Mr. Torrence is also prominent in this city, being connected with the Pennsylvania Lines, as freight agent for the Xenia division.

## CHURCH SOCIETY TO

## ENTERTAIN TUESDAY

The members of the Married Ladies Society of St. Brigid's church will entertain the women of the parish in the school auditorium, Tuesday afternoon at two o'clock.

## GUESTS ENTERTAINED ON

## BIRTHDAY ANNIVERSARY

A small company of friends were entertained at dinner, Friday noon, by Mr. and Mrs. J. W. Ray of north of Xenia, for the pleasure of Mr. Ray's mother, Mrs. Emily J. Ray, the occasion being the eighty first birthday anniversary of Mrs. Ray. The dining table was prettily decorated with sweet peas, with small bouquets of the same flower as favors. There were covers for eight guests. The guests were intimate friends of Mrs. Ray, the honor guest.

Mrs. Ray is enjoying good health and enjoyed the affair Friday very much.

## CLASS TO ENTERTAIN

## HUSBANDS TUESDAY

The members of the McGervey Sunday School Class will entertain their husbands, and the members of the Men's Bible Class, and their wives at a supper to be given at the home of Mrs. Leroy Wolf, on South Detroit street, Tuesday evening at 6:30. All members are urged to be present. A welcome is extended to all.

## WEDDING TAKES

## PLACE IN MICHIGAN

Friends in this city are receiving the announcement of the marriage of Miss Dorothy Marie Mills, daughter of Mr. and Mrs. H. E. Mills, of near Cedarville, to Mr. Clifford Perry of Peru, Indiana, which took place at St. Joseph's, Michigan, March 24.

Mrs. Perry is a very prominent Cedarville girl. Mr. Perry is a well known business man, of Peru, Indiana. Mr. and Mrs. Perry will make their future home in Huntington, Indiana.

## APPELLATE COURT

## UPHOLDS DECISION

In a decision handed down from the Court of Appeals Friday, the higher court affirmed the judgment rendered in the Court of Common Pleas here some time ago, in the case of Hugh Bookwalter, plaintiff in the action, was a truck driver for the Alpha Seed & Grain Company, when his truck was struck by a Baltimore & Ohio train at the Cincinnati Avenue crossing, the driver sustaining serious injuries. He brought suit against the railroad for \$25,000, and was awarded \$12,500 in Common Pleas Court. The railroad company appealed the case, but the entry received from the Appellate Court Friday, affirms the decision of the lower court and upholds the amount of damages.

## FORMER RESIDENT

## OF COUNTY KILLED

## BY P. R. R. TRAIN

Ravenna, Ohio, newspapers received by Dr. and Mrs. Paul Espey, give accounts of the death of Clyde E. Gilbert, former Greene Countyman, who was killed when struck by a Pennsylvania train at the station in New Waterford, where he was principal of the high school, as he was about to board a train for Ravenna, Saturday, March 5.

## He was the son of Mr. and Mrs.

## J. A. Gilbert of near Ravenna, and

## was born near Hillsboro, receiving a

## teacher's certificate in Highland

## county, when only 14 years of age.

## Later he graduated from Miami University and the University of Chicago,

## and had held responsible teaching

## positions in a number of schools.

## The Gilberts lived for a number of

## years at Port William, in Clinton

## county, and also lived for a time in

## Bowersville, this county. They have

## a number of friends in the southeastern part of the county.

## TIME IS CHANGED

## Rev. A. A. Burke, pastor of St.

## Brigid's Catholic Church, announced

## a change in the time of the Third

## Mass on Easter Sunday at the Good

## Friday service, Friday evening.

## Owing to the necessity of securing

## a Priest from Cincinnati for the

## last Mass of the day, it has been

## necessary to postpone the time from

## 10 o'clock, until 10:30 o'clock. The

## time of the first two Masses will be

## the same, at 7 o'clock and eight

## o'clock, and only the Third Mass of

## the day will be a half hour later

## than usual.

## COMING EVENTS

## OF NEXT WEEK

To insure publication in this column notices must be in the hands of the editor not later than Friday evening.

## MONDAY.

Zenetta Council, No. 120 of the Degree of Pochontas, will hold their regular meeting at the Red Men's Hall, Monday evening, March 28.

## TUESDAY.

Xenia Aerie, No. 1689 of the Fraternal Order of Eagles, will hold their regular meeting at Eagles' Hall, Friday, April 1st.

## XENIANS WITNESS

## MINSTREL SHOW

## ON FRIDAY NIGHT

A large number of Xenia people were in the crowd that attended the performance of the Cedarville College Minstrels at the Cedarville Opera House Friday night and helped proclaim the affair a success.

Miss Oglesbee of the Cedarville High school faculty who directed the cast, reversed the usual order by having the minstrel circle, last, and preceded by a playlet, "Uncle Dick's Mistake."

Parts in this forepart were cleverly taken by Marion Stormont, Lawrence Riddle, Mr. Riley and Misses Anna Harper and Florence Smith. Between the acts, Paul Duncan, entertained the audience with a monologue, and the Minstrel second part opened with a medley of songs in the overture, in

## ACID IN STOMACH

## SOURS THE FOOD

Says Excess of Hydrochloric Acid is Cause of Indigestion.

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

which the 18 men in the circle took part. The four end men were LaCade Markle, "Lasses" White, Nelson Thorne and Joe Kyle. Edwin Bradfute acted as interlocutor and the soloists were Glen McFadden, "Lasses" White, LaCade Markle, Carl Duncan, Jack Ewbanks, Nelson Thorne and Joe Kyle. Misses Marjorie McClellan and Marjorie Wright, in male attire, and blackface were clever as the dancing twins during the Minstrel part of the entertainment.

## STAGE ALL SET

## FOR EASTER WITH

## EGG SUPPLY GOOD

With the weatherman promising a probable fair day, and the price of eggs at an optimistic figure, the stage is all set for a happy and Spring-like Easter. Of course, all expected it to rain Saturday, for two reasons, first it has for the past six weeks, not with showers, just plain rain; and second, it always does the day before Easter, which is nothing but a joke of the weatherman. We can't have everything. If it rains Saturday and shines Sunday it will be alright with us, and our new spring hat and other Easter necessities. Eggs are twenty-seven cents in New York, the cheapest in ten years—Xenia eggs are twenty-three, we haven't calculated the number of years. But we do know that they have been on the downward slip for the past few weeks, and we are glad to know that we have something on the metropolis. We asked the dealers if they lowered the price for Easter but received a negative reply—it was a plain case of necessity—large supply and the weather, and that sort of thing.

The regular custom of observing Easter has been followed by Xenia churches, who announce special services for Sunday. Fitting music and sermons will be offered Sunday morning.

## East End News

Mrs. Lillie Jones of Dayton was the guest of friends in the city Friday.

There were a great many persons in attendance at the baptizing service at Zion Baptist Church, Friday evening, from Yellow Springs, Dayton, Jamestown, and Cedarville.

The service was an impressive one. Rev. O. O. Jones of Ironton administered the ordinance to 38 persons. The pastor, Rev. G. W. Beeton who recently had suffered from neuralgia was advised by his physician not to take part.

Mrs. Della Ward of Selma, Ohio, was the week end guest of her daughter, Mrs. William Ward, East Market street.

The Home Department pupils of Zion Baptist Sunday School are requested to meet in the Sunday school room and attend in a body the Easter exercises of the school.

Rev. O. O. Jones left Saturday morning for Ironton. He will stop over and spend the day with his cousins, Mr. and Mrs. Joseph Winbun of Chillicothe.

The Baptist Young People's Union of Zion Baptist Church will begin their Easter program promptly at 7 p. m. Sunday evening.

Rev. W. C. Allen returned Saturday from Rendville where he has had a successful revival with the Baptist church of which Rev. N. S. Merritt is pastor.

## FACE BURNED

## LIKE FIRE

With Pimples and Blackheads. Itched Awfully. Cuticura Heals.

"I had pimples and blackheads all over my face. They were hard and large and when I would wash my face it would burn like fire and itch something awful. At times I could hardly sleep, and my face was disfigured."

"The trouble lasted about nine months. I heard of Cuticura Soap and Ointment and got a free sample. I bought more and after using four cakes of Cuticura Soap and four boxes of Cuticura Ointment I was healed." (Signed) Miss Susie Clouse, Box 411, Gas City, Ind.

Try to prevent further trouble by using Cuticura for all toilet purposes. Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. H, Malden 48, Mass." Sold everywhere. Soap 5c. Ointment 10c. and 25c. Cuticura Soap shaves without mug.

## QUICK RELIEF FROM

## CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid liver.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

## CANTATA FRIDAY

## AT TRINITY CHURCH

## IS GIVEN PRAISE

"Olivet to Calvary," by J. H. Maunder, the beautiful cantata given by the choir of the Trinity Methodist Church, at the Easter service Friday night, won the praise of the audience that filled the church. Especially, deserving mention, was the work of the soloists and accompanists, the success of the cantata being due to their expression. The work of the chorus has been stated to be the finest ever given in that church.

The following is the program for the cantata:

## Part One

(1)—On the Way to Jerusalem. Chorus—"When O'er the Steep of Olivet."

(2) Before Jerusalem. Recitative (Soprano)—"Like a Fair Vision."

Recitative and Air (Alto)—"O Jerusalem."

(3)—In the Temple. Recitative (Soprano and Alto)—"And Jesus Entered into the Temple of God."

Chorus—"Another Temple Awaits Thee, Lord Divine."

(4)—The Mount of Olives. Air (Soprano)—"Not of This World the Kingdom of our Lord."

Chorus—"Twas Night Over Lonely Olivet."

Solo (Soprano)—"He Was Despoised."

Solo (Alto) and Chorus—"Come unto Me."

Hymn—Just as I Am.

## Part Two

(5)—A New Commandment. Recitative and Air (Alto)—"A New Commandment."

Chorus—"O Thou Whose Sweet Compassion."

(6)—Gethsemane. Recitative (Alto)—"And When They Had Sung a Hymn."

Hymn—"Thy Will be Done."

(7) Betrayed and Forsaken. Chorus—"And While He Yet Spake." Recitative, and Air (Soprano)—"Ye who sin, and ye who sorrow." (8) Before Pilate. Chorus and Solo (Pilate)—"Crucify Him." (9)—The March to Calvary. Choral March—"The Saviour King Goes Forth to Die." (10)—Calvary. Recitative (Alto)—"And When They Came to the Place." Chorus—"Drop, Sacred Head."

## METEORS WIN MOST

## OF GAMES SEASON

## RECORD POINTS OUT

Defeating the Dayton Oakwoods, in the final game of the season, St. Brigid's Meteors, came through another successful season, with a record of 11 wins and four defeats in 15 starts this season.

The team coached by George Haller, played stronger teams than it did last year, and therefore suffered more defeats, but a glance at its records of games, and the closeness of the contests that were lost, show that the Meteors did their share of furnishing real basketball to local fans at the Rink this year.

The locals scored 297 points to 168 scored by their opponents, with Captain Nevill at forward and Hendrickson at center, leading the scoring throughout. Gallagher and E. Leahy were the runners-up in the scoring.

One game, the first of the season, was won by forfeit, when the visiting team failed to put in its appearance.

The record of games is as follows: Meteors 2, Miamisburg Rexals 0.

Forfeit.

Meteors 42, Dayton Cardinals 9

Meteors 29, Springfield Beavers 9

Meteors 16, Dayton Shamrocks 2

Meteors 21, Dayton Maroons 11

Meteors 20, Dayton Blueprints 18

Meteors 41, Xenia Imperials 14

Meteors 12, Springfield St. Raphaels  
Meteors 7, Dayton Blueprints 22  
Meteors 15, Dayton Corner Raincoats 17  
Meteors 22, Piqua Triangles 11  
Meteors 28, Dayton Kiowas 4  
Meteors 16, Springfield St. Josephs  
Meteors 12, Springfield St. Josephs  
Meteors 14, Dayton Oakwoods 12.

The individual scoring was as follows:

	Field Goals	Foul Goals
W. Nevill, rf	39	15
Hendrickson, c	39	0
Gallagher, lf	20	10
E. Leahy, rf	17	7
F. Leahy, rg	9	6
Hollenkamp, rg	2	0
Tooley, c	2	1

Total ..... 128 ..... 39

The total of 128 field goals, make a total of 266 points plus two points by forfeit, and 39 foul shots made out of 60 attempts, which brings the total points to 297 for the season.

## Warming relief for

## rheumatic aches.

HE'S just used Sloan's Liniment and the quick comfort had brought a smile of pleasure to his face. Good for aches resulting from weather exposure, sprains, strains, lameness, overworked muscles. Penetrates without rubbing. All druggists have it.

## THE TROUBLE ONE DUTY "SLACKER" HAS GIVEN THE GOVERNMENT.

The Harding administration has gone the whole route in its effort to bring to justice in this country the arch-slacker of the world-war—Grover C. Bergdoll, of Philadelphia.

Two distinct requests have been made of the German Government: First, the surrender of Bergdoll to the American military authorities as a deserter from the army of the United States; second, release of Carl Neuf and Frank Zimmer, American detectives, convicted in Mosbach, Baden, of attempted kidnapping of the fugitive.

Secretary Hughes and Secretary Weeks conferred on the Bergdoll case but neither would discuss with newspaper men the status of the negotiations with the Berlin authorities. It is likely a statement of the administration's policy will soon be forthcoming.

It was learned that an extensive correspondence already has been conducted with the German authorities; that Major General Henry T. Allen, commanding the American forces in Germany, has kept in constant touch with the case, and has been far more active in the matter than the American public is aware; that Commissioner Dressel in Berlin, also has been in negotiation with the German foreign office and other civil offices.

The impression appeared to be that official clemency would be extended Neuf and Zimmer, but there was no great optimism to administration circles over the possibility of Germany surrendering Bergdoll.

There are many troublesome obstacles to be overcome in the matter of obtaining custody of the slacker. He is reported to have determined upon naturalization as a German citizen in order to escape extradition.

One of the striking developments in the Bergdoll case was evidence that the War and State Departments have been working on it for some time, but had maintained a studied silence, even though subjected to sharp criticism by press and public.

## EDUCATION AND IMPROVED METHODS HAVE BROUGHT GREAT CHANGES.

In spite of wars and rumors of wars the world is getting better. Housecleaning offers a good illustration.

A popular feminine magazine outlines the work of giving an ordinary home its spring cleaning. Two weeks are allowed for the process. A schedule is drawn up for each day's work. Highly suggestive of the advance of modernity upon this ancient rite is the statement, "The work is so planned as to allow Wednesday in each week for a day of recreation, and for planning the work of the other days so that the cleaning need not consume the entire day."

Where now are the time-honored cartoons of father a fugitive, driven forth from home by a flying broom, coming home night after night to a snack on the pantry shelf, and treading gingerly over the tack strewn floors to an ever-shifting bed? Where are the pictures of mother, clad in the habiliments of toil for days on end, alternately berating her family and working herself to a frenzy? Gone! Gone with miles of heavy carpet tightly nailed to acres of floor. Gone with high-ceilinged rooms and an age that knew not the vacuum cleaner. Blown away by the winds of education.

Let the pessimist think on these things. Let him think how periods of chaos, once considered essential to the maintenance of order in the home, have been banished, by better understanding. After that, world affairs may not seem so hopeless. There is no magic about the housecleaning business. Education and improved methods have wrought the change. So, surely, if a little more slowly, education and better methods will teach mankind to keep the world in order without the devastating periods of chaos, now seemingly inevitable.

## THEY ARE BUILDING HOUSES IN AKRON—PERHAPS HERE BEFORE LONG.

Reports from the country's automobile centers to Akron rubber tire plants have been such that production schedules have been advanced in order not to be caught by a sudden increase in demand. Plants have been running behind their orders. Since the great slump last summer and fall the factories have been working almost solely on tires for replacements. Orders have taken a sudden spurt because many are taking autos out of winter storage.

At least 3000 fewer men are out of work in Akron now than two months ago, according to the city free labor exchange. This reduction is due primarily to improvement in building conditions brought about by the early spring and the increase in production in local factories. Virtually all union workmen are now employed in the building trades, H. C. Blackburn, president of the Central Labor Union, states.

Building operations for March are nearly double those for February, as shown by the report of the city building commissioner. Architects are reporting an increase in the number of plans being drawn.

Sometimes we wish that we lived in California, and sometimes along the eastern shore, but when we read of earthquakes at the former and blizzards at the latter we guess after all that Ohio is good enough for us.

A bill requiring attendance at school is thought to have an effect of checking juvenile crime. If it works why not increase the age on compulsory school attendance?

And now the country is faced with the possibility of a strike of seamen May 1. Well it may at least have the effect of checking for a time the flow of immigration.

Unless immigration is curtailed to the point where it is based on the rate of assimilation, we may face the encouraging thought that we shall have in the course of the next few generations a second Europe, and denationalization.

In Boston, statistics say, one woman out of every ten works. The obvious conclusion is that the other nine are married.

## FATHER'S ANNUAL PILGRIMAGE

## 1901--Twenty Years Ago--1921

C. H. Kyle, of this city, acted as chairman at the Republican convention of the third subdivision of the Second Judicial District held at the Garfield Club in Dayton Saturday.

An Alpha man and his best girl started to drive from Detroit St. onto Hill Street, last night, and missing the bridge near the C. H. and D. depot, drove off the abutment and into the creek. Horse buggy and occupants all went into the stream. The embankment is about six or seven feet high and the persons had a narrow escape from injury, the young lady sustaining a few bruises about the head.

There was a meeting of the

Green County Republican Central committee on Saturday at which an organization was perfected by electing I. S. Dilnes Chairman and J. F. Shoemaker secretary. The executive committee was selected as follows: John A. Nisbet, L. S. Dines, Marcus Shoup, J. F. Orr, Wm. M. Buckles, C. H. Kyle, Andrew Jackson, W. S. Rogers, Frank Zimmerman, J. M. Wilson, A. D. DeHaven and W. O. Curtis.

The force of stone masons on the court house has been a little short for a time but Supt. Prizer has added four new men to the list and they began work yesterday, making ten masons now employed on the walls.

## WOMEN BUILD NEW ROAD WHILE TRUSTEES DICKER OVER THE COST

Kansas City, Kan.—Shawnee township in the southern part of Wyandotte County will have good roads this summer, thanks to several score determined women.

Tired of waiting on the men folks and the township trustees the women recently spent an entire Saturday

showing how easy it is for even amateurs to build good roads. They constructed nearly a hundred feet of good dirt highway during their eight hours of toil.

Kansas women in other township are reported planning following their example to speed up road building.

## GOVERNMENT OF CHRIST IS SUBJECT OF FRIDAY NIGHT

"The Government of Christ" was the subject of the sermon delivered by Rev. G. A. Scott of the First Methodist Church, on Friday night. "The government shall be upon his shoulders," taken from Isaiah, this phrase furnished the basis of Rev. Scott's sermon, in which the power of Christ as a guide and savior was shown.

"Christ rules in a kingdom," stated Rev. Scott, "but He is not a king who is kept out of His Kingdom, waiting for power and followers, for He has both now."

"The government is upon his shoulders and he will conquer his enemies. The power and the greatness of Christ and His government mean destruction to those who oppose Him as much as protection and blessing to those who love and serve Him."

"Throughout history the fiercest attacks have been made upon the government of Christ but they have only proven it strong enough to withstand all assaults and able to overcome assailants."

"He rules by right. He is not a usurper. He belongs to the throne. He is not a pretender. He is a real King." were the statements made by Rev. Scott, in one of the most forceful of his sermons during the revival services.

"The government of Christ demands equal justice for all and is abundant in mercy in all its provisions. A place for forgiveness is found for the transgressor. The one who misses his way may be brought back into the way. The one who makes failure may be recovered and find good success. The one who makes a bad beginning may be given a new start. The one who finds himself bound by the powers of evil may be set free and be given ability to lay fast hold upon that which is good was the way Rev. Scott presented the happiness and

value of "The Government of Christ."

Rev. Scott's subject for his Easter sermon will be "The Drying of a Woman's Tears." There will be special Easter music by a large chorus under the direction of Mr. Hackleman.

The right of baptism will be administered and members will be received into the church. In the evening at seven o'clock, the closing service of the evangelistic meetings will be held. The subject of Rev. Scott's final revival sermon will be "Christ At The Door."

## FUNERAL SERVICES HELD ON FRIDAY

Funeral services for Mrs. Helen Robinson were held at the home of her son, Frank Robinson, on North West street, Friday afternoon at two o'clock and were in charge of Rev. A. J. Kestle, the deceased's former pastor, and now of the Methodist church at Findlay, Ohio, assisted by Rev. G. A. Scott of the First Methodist Episcopal church this city. Pallbearers were M. S. Smith, Elton Smith, J. R. Sutton and E. P. Canby. Interment was made at Woodland cemetery.

## MARRIAGE LICENSES

Delvan Eugene Hilton, 21, Jamestown, a clerk, and Mildred May Harper, 19, Jamestown, Rev. W. A. Cooper.

Robert Wright, 51, 1042 East Second street, laborer, and Mrs. Eva Lewis, 48, 1047 East Second street. L. H. Whitman, J. P.

## WILL REDUCE WORK FORCE

Chicago, March 25.—The International Harvester Co., which last night made known proposed wage reductions of from 6 to 20 percent for 45,000 employees announced that "present economic conditions" would make it necessary to lay off several thousand men within the next 60 days.

## SMELTING CO. AFFAIRS PROBED

New York, March 26.—Holders of large blocks of stock of the American Smelting and Refining Co., have undertaken an examination of the affairs of that corporation through the formation of an investigating committee. It was announced.

## Is It Yours?

KONRAD VON GESNER

March 26, 1516

The Swiss writer and naturalist Konrad Von Gesner was born at Zurich Switzerland, in March 1516. He was the son of a poor furrier, received little education and after the death of his father (who was killed in battle) he was in great need of food and money. But he had shown such amazing abilities as a scholar that his old professor came to his help. He managed to study at the universities of Strassburg and at Bourges in France. When he was 19 religious troubles drove him back to Switzerland where he made an imprudent marriage. But his friends again came to his aid and procured for him the professorship of Greek in a newly founded university.

He settled down finally in the town in which he was born, took a degree as a doctor of medicine and stayed in Zurich the rest of his life. He died there of the plague when he was 50 years old. He had become so famous that he was raised to the rank of the nobility a year before his death.

He wrote a number of the most extraordinary books. Among others was an account of about 130 known languages, with the Lord's Prayer in 22 tongues. He is best known as a botanist, though he also wrote encyclopedias in different languages. His books on snakes, birds and fishes from the starting point for modern zoological studies. He made it a rule to climb at least one of the Swiss Alps every year, not only to collect flowers but for the benefit of the exercise.

## SPECIAL PROGRAM AT CHRIST CHURCH SUNDAY MORNING

The following program will be given Sunday morning at 10:30 at the Christ Episcopal Church.

Processional Hymn — "Jesus Christ is Risen Today."

Gloria in Excelsis — Herron.

Nunc Dimittis — E. Nevins.

Recessional — "Angels roll the Rock Away."

The soloists will be Mrs. Charles Adair, Mrs. Lawrence Lane, Miss Frances Loyd, Messrs. Frame and Horen. Organist, Mrs. Howard Little. Director, Mrs. Meda Gowdy.

## Is Appointed Administrator

A. P. Mercer has been appointed administrator de bonis non of the estate of George W. McMichael, by Probate Judge J. Carl Marshall. He furnished bond in the sum of \$2,500.

## CUT THIS OUT—IT IS WORTH MONEY

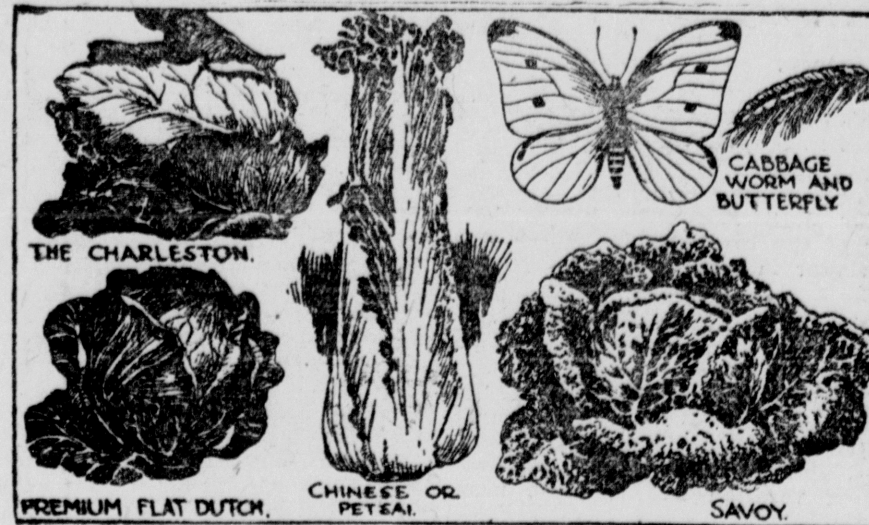

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills for pains in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic for constipation, biliousness, headaches, and sluggish bowels. Sayre &

## A NEW DEAL

The new administration administers in style, and all the busy nation hangs out a hopeful smile. Upon our jaded shoulders the burden lighter seems; and only office holders are dreaming mournful dreams. We're great on swapping horses if there's a trade in view, and everyone indorses whatever may be new. We like to see new faces around us, we confess, although great charms and graces the old ones may possess. New whiskers are supplanting the beards we long have seen, new feet are gallivanting, new brooms are sweeping clean. And we distribute folders to tell how glad we are, and only office holders are looking black as tar. It's good no king is reigning in this star spangled land, or we'd all be complaining until we saw him canned; he'd find us growing cooler, he'd hear us kick and cuss; five years of any ruler is quite enough for us. We're fond of making changes, and old things are a bore; whatever new and strange is, we welcome at the door; we have no bricks or boulders at any unknown guest; and only office holders seem weary and distressed.

## TIPS ON GARDEN MAKING

## CABBAGES AND THEIR ENEMIES.

Do you visualize flocks of white or yellow butterflies and processions of velvety green "worms" or caterpillars when you buy your cabbage seed each spring or get a dozen or two plants to set out?

If you do, why not buy the seeds of death for these marauders when you buy the seed of the cabbage and then you'll be ready for them. Thousands upon thousands of cabbages are lost or ruined because the owners of them haven't the poison ready to combat the pests.

First come the butterflies. There is no way to poison them for they eat nothing at the time of their visit, but are merely intent upon depositing eggs in some snug nook on a cabbage leaf where their devastating families of green caterpillars may begin life.

But the life of the green caterpillar may be ended quickly by a dose of lead. Later when there might be a possibility of danger in using powerful poison, white hellebore either in powdered form or mixed in proportion of an ounce to three gallons of water is effective.

If the early crop of worms is kept in check later ones are not likely to do so much damage.

Cabbage and their relatives, the cauliflowers, kales, kohlrabies and others, are easily grown in almost any situation provided that they have full sun and moisture. A hot dry soil, sandy for the most part, is really the only hopeless soil for cabbage working, and even then with care to furnish plenty of food, good cabbage may be grown. The cabbages of course, need to be started early in seed boxes or hot beds for an early crop. The late crops can be sown outdoors as soon as the ground is ready to work.

Two feet apart in rows is the minimum distance that cabbage should be planted, to permit cultivation and spraying. In small gardens only a few dozen heads should be attempted, because they take up considerable space.

The cabbage is reasonably hardy and one mistake in raising plants in doors is to coddle them too much and not giving enough cool air to harden them off. The result is spindling seedlings, which seldom will make good heads. The aim should be to raise the plants in tolerably cool atmosphere and harden them off by giving them plenty of air.

## AT ENGILMAN'S TUESDAY, MARCH 29

\$2.50 quality men's or ladies' umbrellas, each	\$1.00
\$5.00 pair plaid blankets, each	\$1.00
2 men's work shirts, 95c quality	\$1.00

**Propose Union of Balkan States to Include Serbs**

Paris—With a view to setting up the "United States of the Balkans," discreet conversations have been opened between Belgrade and Sofia, according to information received in diplomatic circles here.  
Bulgaria is credited with originating the proposal which is said to be finding many supporters in the new kingdom of Jugoslavia. The plan is to unite all the Southern Slavs, the Bulgars and the Serbs, Croats and Slovenes forming the new Jugoslavian monarchy in a loose confederation which would ultimately grow

# LOCAL CARPENTERS REDUCE WAGES FROM 80 TO 65 CENTS

stronger and perhaps draw to it the kingdom of Rumania.  
The new Bulgarian Government is said to be promoting the plan as a guarantee against future wars with Serbia and at the same time as assurance against trouble with Greece or Rumania. The scheme made headway with difficulty at Belgrade because of the intense hatred between the two countries engendered by the recent war, but at last has won some support.  
The artificiality of the new kingdom of Jugoslavia has caused the Belgrade Government much trouble. Croatia has a strong separate movement and Belgrade has great difficulty in making herself respected at Zagreb. The Serbian advocates of the confederation believe such a move for the union of all Southern Slavs would remove many of the difficulties now facing Belgrade.  
Proponents of the confederation have approached Allied representatives to learn whether any objection would come from the big powers. They argue that the creation of such a union would make it impossible for the Balkans to become the source of another World War.

# MARKETS

# LOCAL CARPENTERS REDUCE WAGES FROM 80 TO 65 CENTS

local workmen did not raise in proportion, confining their wage increases to more reasonable demands. The price of 80 cents an hour is much lower than in many cities, and it is said the local union, is among the first to announce any sort of a cut.  
The local carpenters feel that they have treated the building public fairly in their wage demands, and part of their plan for the reduction is to serve as a stimulant to building conditions in this city.  
THEFT IS REPORTED.  
Cleveland, March 26.—William McLean, of Sidney, reported to police today that a handbag containing \$2,500 in jewelry had been taken from his room at the Hollenden hotel. Included in the stolen articles was a masonic officer's jewel valued at \$1,000.

is our habitual interest in and appreciation of advertising.

We know that this interest is a good habit because we know what it can do and has done for every one of us.

Advertising itself is a good habit.

In fact, advertising and reading advertising are two of the best American habits!

## NEW JASPER

Mr. and Mrs. Morg St. John of Xenia were guests of their son, John C. St. John and family on Tuesday.

Mr. and Mrs. Edward Humphrey returned from Florida where they have sojourned for the past winter.

Mrs. Otis Baughn and daughters Grace and Dorothy and Mrs. Grant St. John were Dayton shoppers Saturday.

Mrs. Joseph Mullen who has been very ill for the past two weeks is improving.

Charles N. Fudge has purchased a new tractor.

Miss Esther Allen was in Dayton Tuesday on business.

Miss Mary Birch of Xenia was the guest of Miss Lelia Fudge over Sunday.

D. O. Spahr is preparing for the construction of bungalow which he will build the coming summer.

J. W. LeValley and Harley Tur-

ner, road superintendent are getting ready to scrape and repair the roads in the vicinity of New Jasper.

COME IN AND SEE THIS NEW MODEL

We are equipped to do all kinds of auto repair work.  
This is the time for overhauling your car. Prepare for Spring. Prices reasonable.

## Ary Motor Sales Co

Rear 118 East Main Street ROY ARY Prop.

From Sword to  
Plowshare

Newspaper advertising rallied the men and women of North America for war.

Today it is rallying them for peace.

It is picking up the broken threads of commerce and weaving the fabric of enduring prosperity.

It is moving the goods from the store to the home and sending the echo of reviving business back to the factory and the farm.

It is putting men to work. It is stabilizing industry. It is restoring good cheer.

Read the advertising in this newspaper and patronize the merchants and manufacturers who advertise.

## TESTED RECIPES.

**Peanut Jumble**—One cup yellow corn meal, one-eighth teaspoon paprika, one quart boiling water, one and one-half cups chopped peanuts, one-quarter cup grated cheese, one and one-quarter teaspoon salt, three-quarters cup hominy grits, one quart hot milk. Combine hot milk and boiling water, bring to boil and add corn meal, hominy grits and seasoning. Stir constantly until the liquid is thickened by the cereal. Cook one hour and fifteen minutes, stirring frequently to prevent sticking and burning at bottom. Just before the last ten minutes of cooking add the chopped peanuts and cheese. Remove the mixture from pan, place in rectangular deep bread pan and allow to cool. When ready to use, cut in small slices and fry in vegetable fat until brown, or place in a well oiled baking pan, sprinkle with grated cheese and bake until the cheese forms a hard crust and gives the appearance of oven baked corn meal mush.

**Peanut Loaf**—Two cups of mashed potatoes, one and one-half cups of chopped peanuts, one cup of whole wheat bread crumbs, two eggs, one teaspoon of onion juice, one-quarter teaspoon of paprika.

ner, road superintendent are getting ready to scrape and repair the roads in the vicinity of New Jasper.

AVIATRIX WILL ATTEMPT  
FLIGHT OVER THE ANDES

Valparaiso, Chile, March 26. — Adrienne Boeijland, a French aviatrix, has arrived in Mendoza, Argentina, and is preparing to attempt

one teaspoon of salt, two tablespoons of butter, one tablespoon of chopped parsley and one tablespoon of milk.

Whip the hot, boiled, mashed potatoes and add milk, whipping in well. Chop the peanuts fine, add also the bread crumbs, the beaten eggs and seasoning. Pour into a greased baking dish and bake in a moderate oven for half an hour. Serve with apple sauce.

**Nut Loaf**—Place in a mixing bowl one and one-half cups of cooked cereal left over from breakfast, one cup of finely chopped nuts, one-half cup of finely chopped parsley, four tablespoons of bacon fat or melted butter, two medium-sized onions grated, one-half teaspoon of thyme, one teaspoon of salt, one-half teaspoon of white pepper, one cup of thick cream sauce and two well-beaten eggs.

Work until smooth and then pack into well-greased and floured loaf-shaped pan and bake in a slow oven for fifty minutes.

**String Bean Salad**—Pour off liquid covering beans and add to it vinegar, a little sugar, pepper and salt, all to taste, place on stove, stir in the beans and bring to a gentle boil, set aside to cool. Can be served cold or warm. A little onion may be added if liked.

## DISCOVERIES.

When a shoe horn is not convenient drop one corner of a handkerchief far down into the heel of the pump and start putting it on, holding the main part of the handkerchief in the left hand, pulling at the same time, and it will go on easily.

When peas and beans are freely used in the diet use less meat, eggs and milk.

Succotash should be served in rich cream sauce, it is then really delicious.

a flight across the Andes Mountains to Chile, says a dispatch from Mendoza today. She will be the first woman to attempt the feat.

## THE WOMAN HE MARRIED

## ARE DREAMS WARNINGS?

Chapter 125

I had decided to prolong my stay for a week. But on the fourth night I had such a disturbing dream that, in spite of my attempt to be sensible and treat it only as a dream, I could not remain longer.

I had just fallen asleep when I dreamed that I was at sea, on an immense boat. As I leaned over the rail, watching the waves, Juanita joined me. She was dressed in her favorite orange and black and looked dazlingly beautiful. We had stood silently for a time when Dick strolled by and he too stopped and stood beside Juanita. In a moment we were all thrown into the ocean. Juanita screamed to Dick to save her but I said nothing.

"I will test him. If he tries to save her, letting me struggle alone he loves her and I will drown," I thought in my dream.

He did try to save her, calling her by all the endearing names a man gives the woman he loves when she is in danger, and at the same time he called upon me to forgive him. But before I had ceased struggling a boat had been lowered and we were all saved.

I awoke sobbing. I had to go on living with those love-words of Dick's ringing in my ears. The relief of finding it was only a dream was great, but it left me sleepless. I spent the rest of the night looking out of the window, and praying that I might never be called upon to hear Dick speak love words to another. Twice I had kept quiet when I happened upon him and Juanita. I never could a third time.

I turned cold with dread as I wondered if I had done wrong to throw them together by coming away. They had been together in the water—in my dream. He had forgotten me save to ask for my forgiveness. Was he forgetting me

now? Was he giving Juanita all the endearing names he gave her while he struggled to save her?

I packed my belongings and waited for the dawn. I would take the first train home. Junior was terribly disappointed, but even he could not change my determination.

"Shall you telegraph Dad?" he asked.

"No, dear, I will surprise him." It seemed that the train never ran so slowly. It fairly crawled, it seemed to me. But I finally arrived and hastened to the house, only to find Dick out.

"Where is Mr. Williams' I asked, the maid.

He is at dinner tonight with Madame Juanita. He also was there for tea. He left soon after breakfast. They lunch in the woods. Can I go for something to tempt Madame? I did not get anything because I was to be alone."

"No, I will run over to Juanita's also."

"But they are lunching in the woods," the maid reminded me.

"Very, well, give me some tea and toast. I will change while you are preparing it."

"I wanted desperately to ask if Dick had spent all his time with Juanita during my absence. But I never had been able to question a servant. So I bathed my face and changed my traveling dress, then ate my luncheon. Afterward I went into the study."

Here I found much to disturb me. A letter commenced to me then partially destroyed. But Juanita's name was legible. What had he written? Had he almost decided to end everything and go with her? I also found a note from her to him, a note written before I went away, in which she upbraided him for not caring enough for her to be impervious to idle gossip. It was an intimate note, one only a

woman who felt sure of herself could write. But one sentence in it brought me such peace as I had not experienced in weeks—yes in months.

"Your moral ideas and actions are a great compliment to your bringing up. Not many men would be so undemonstrative toward the woman they loved. I, of course, honor you for it, but how long are you going to allow false notions of fidelity to her, to your marriage vows stand between us? You swear you adore me and — remain on the other side of the room. Too much conscience is a disease in these times, my dear Dick. I would not write this way, but you say you always destroy my notes as soon as read. For heaven's sake destroy this. She doesn't make you happy—you will not allow me to. What is one to do with such a boy? Come over and talk it over, Writer man."

You may think that there was not much in this paragraph to give me peace, but it proved beyond a doubt that Dick had not been untrue to me in deed even though he had in thought. I am a woman, and that meant much to me, more than I can tell. Was my dream a warning to me to join Dick to prevent his being alone with Juanita?

Their surprise when I joined them at tea and declared I must remain for dinner as we had none provided at home was genuine but far from flattering. I went home more disheartened than ever almost sure they had come to an understanding while I had been away.

A Mother Tells How Her  
Daughter Was Made Well  
Again by Lydia E. Pinkham's  
Vegetable Compound

Philadelphia, Pa.—"At the age of sixteen my daughter was having trouble every month. She had bad pains across her back and in her sides, her back would pain her so that she could not do her work and would have to lie down. My married daughter recommended Lydia E. Pinkham's Vegetable Compound. She took it faithfully and is now regular and has no pain. We recommend the Vegetable Compound and give you permission to publish this letter."—Mrs. KATIE EICHER, 4034 N. Fairhill St., Philadelphia, Pa.

Standing all day, or sitting in cramped positions and often with wet feet, young girls contract deranged conditions, and before they are hardly aware of it they develop headaches, backache, irregularities, nervousness and bearing-down pains, all of which are symptoms of woman's ills. If every mother who has a daughter suffering from such symptoms would profit by the experience of Mrs. Eicher and give Lydia E. Pinkham's Vegetable Compound a fair trial she may expect the same happy result.
